

### **Supply List for Curved Piecing Class -- September 14, 2024**

- Sewing machine
- Quarter-inch presser foot or clearly marked quarter inch mark on your sewing machine bed (manufacturer's mark, masking tape, magnetic or screw in seam width marker, etc.)
- Thread
- Pins
- Fabric markers
- Rotary cutter and rulers sized to trim 6-1/2 " and 12-1/2" blocks
- Bring any curved project you want to work on in class.

For this class the instructor will provide precut block kits for each technique and we will work through the steps in class.

Please bring a copy of the handout that will be sent to you about a week before the class. It will include instructions and tips for each of the techniques.
